PRESS RELEASE 027

SEPTIC SLUDGE / FOAM MEASUREMENT PROGRAM IN PANDEMIC PERIOD

Val-des-Monts, May 13, 2020. - Given the situation on the COVID-19, the municipality of Val-des-Monts is very concerned with ensuring the health and safety of its employees, its citizens and its suppliers.

With travel restrictions and mainly for citizens living in another region or another province, the obligation to dig up the covers is suspended until further notice. When the attendant arrives at your home and finds that the covers are not cleared, a door hanger will be left on site. When the situation will be returned to normal, all you will have to do is call us to set up an appointment.

Of course, for citizens whose main residence is in Val-des-Monts, the obligation to dig up the covers according to the proposed schedule is maintained and must be respected as far as possible.

For any information request on this subject, we invite you to contact us at 819-457-9400, ext. 2315.
